The Greatest Discovery of the Age!

THIS discovery may be justly applied to the disease
of every sort, causing the bodies with the
best should, refined food, cause in such a manner
that children and adults may now eat medicine
without any pleasure as they do the best confection.

For this discovery we are indebted to A. Sher-
man, M. D., of the city of New York, who has
been a regular practitioner of medicine in that city
for the last ten years and also a member of the
New York Medical Society.

The Doctor, after devoting his attention for a
long time to the subject, about three years since
affection his invention to the public under the name of
SHERMAN'S MEDICATED LOZENGES,
since which time having derived a celebrity for
the cure of different combinations for which they
are recommended, unprecedented in the history of
any other medicine—they consist of

COUGH LOZENGES,
Which are the safest and most effectual remedy
for Coughs, Colds, Consumption, Whooping
Cough, Asthma, &c. ever offered to the public.
They operate by promoting expectoration, allay-
ing the irritation of Coughing, and removing the
cause of disease.

WORM LOZENGES,
The only infallible Worm medicine ever discov-
ered. In over 400,000 cases they have never been
known to fail. Many diseases arise from worms
and once cure them and intense suffering and even
death without even being suspected; great
persons are very often affected with them, and
are doctor'd for various complaints, without any
benefit when one dose of these Lozenges would
speedily cure them.

CATHARTIC LOZENGES,
The best cathartic medicine for removing bile from
the system and provoking attacks of the bowels
and intervals of rest.

FEVER AND AGUE LOZENGES,
These lozenges have been tested by a celebrated
physician in a practice of twenty years and have
never been known to fail in removing this distress-
ing complaint. In addition to this, if the disease
is followed, the disease will return.

matism, lameness, pain in the back, breast, side, or

one piece (only 12 cents) brings it within the reach
of every person in the community.
